

55

1. The first step in the process is to identify the problem. This involves gathering information about the situation and the people involved.

2. The second step is to analyze the problem. This involves breaking the problem down into smaller parts and identifying the causes.

3. The third step is to develop a plan. This involves deciding on the best way to solve the problem and setting goals.

4. The fourth step is to implement the plan. This involves putting the plan into action and making any necessary adjustments.

5. The fifth step is to evaluate the results. This involves checking to see if the problem has been solved and if the goals have been met.

6. The sixth step is to reflect on the process. This involves thinking about what worked well and what could be improved for next time.

7. The seventh step is to share the results. This involves telling others about what you have learned and how you solved the problem.

8. The eighth step is to continue to learn. This involves staying open to new ideas and ways of solving problems.

9. The ninth step is to be patient. This involves understanding that solving a problem can take time and effort.

10. The tenth step is to be persistent. This involves not giving up when you face a difficult problem.

11. The eleventh step is to be creative. This involves thinking of new and original ways to solve a problem.

12. The twelfth step is to be flexible. This involves being able to change your plan if it is not working.

13. The thirteenth step is to be organized. This involves keeping track of what you are doing and what you need to do.

14. The fourteenth step is to be communicative. This involves talking to others about the problem and your plan.

15. The fifteenth step is to be a team player. This involves working with others to solve the problem.

16. The sixteenth step is to be a leader. This involves taking responsibility for the problem and the solution.

17. The seventeenth step is to be a problem solver. This involves being able to find a solution to any problem.

18. The eighteenth step is to be a learner. This involves being open to new ideas and ways of solving problems.

19. The nineteenth step is to be a doer. This involves taking action to solve the problem.

20. The twentieth step is to be a thinker. This involves thinking about the problem and the solution.

21. The twenty-first step is to be a planner. This involves deciding on the best way to solve the problem.

22. The twenty-second step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

23. The twenty-third step is to be a communicator. This involves talking to others about the problem and your plan.

24. The twenty-fourth step is to be a team player. This involves working with others to solve the problem.

25. The twenty-fifth step is to be a leader. This involves taking responsibility for the problem and the solution.

26. The twenty-sixth step is to be a problem solver. This involves being able to find a solution to any problem.

27. The twenty-seventh step is to be a learner. This involves being open to new ideas and ways of solving problems.

28. The twenty-eighth step is to be a doer. This involves taking action to solve the problem.

29. The twenty-ninth step is to be a thinker. This involves thinking about the problem and the solution.

30. The thirtieth step is to be a planner. This involves deciding on the best way to solve the problem.

31. The thirty-first step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

32. The thirty-second step is to be a communicator. This involves talking to others about the problem and your plan.

33. The thirty-third step is to be a team player. This involves working with others to solve the problem.

34. The thirty-fourth step is to be a leader. This involves taking responsibility for the problem and the solution.

35. The thirty-fifth step is to be a problem solver. This involves being able to find a solution to any problem.

36. The thirty-sixth step is to be a learner. This involves being open to new ideas and ways of solving problems.

37. The thirty-seventh step is to be a doer. This involves taking action to solve the problem.

38. The thirty-eighth step is to be a thinker. This involves thinking about the problem and the solution.

39. The thirty-ninth step is to be a planner. This involves deciding on the best way to solve the problem.

40. The fortieth step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

41. The forty-first step is to be a communicator. This involves talking to others about the problem and your plan.

42. The forty-second step is to be a team player. This involves working with others to solve the problem.

43. The forty-third step is to be a leader. This involves taking responsibility for the problem and the solution.

44. The forty-fourth step is to be a problem solver. This involves being able to find a solution to any problem.

45. The forty-fifth step is to be a learner. This involves being open to new ideas and ways of solving problems.

46. The forty-sixth step is to be a doer. This involves taking action to solve the problem.

47. The forty-seventh step is to be a thinker. This involves thinking about the problem and the solution.

48. The forty-eighth step is to be a planner. This involves deciding on the best way to solve the problem.

49. The forty-ninth step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

50. The fiftieth step is to be a communicator. This involves talking to others about the problem and your plan.

51. The fifty-first step is to be a team player. This involves working with others to solve the problem.

52. The fifty-second step is to be a leader. This involves taking responsibility for the problem and the solution.

53. The fifty-third step is to be a problem solver. This involves being able to find a solution to any problem.

54. The fifty-fourth step is to be a learner. This involves being open to new ideas and ways of solving problems.

55. The fifty-fifth step is to be a doer. This involves taking action to solve the problem.

56. The fifty-sixth step is to be a thinker. This involves thinking about the problem and the solution.

57. The fifty-seventh step is to be a planner. This involves deciding on the best way to solve the problem.

58. The fifty-eighth step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

59. The fifty-ninth step is to be a communicator. This involves talking to others about the problem and your plan.

60. The sixtieth step is to be a team player. This involves working with others to solve the problem.

61. The sixty-first step is to be a leader. This involves taking responsibility for the problem and the solution.

62. The sixty-second step is to be a problem solver. This involves being able to find a solution to any problem.

63. The sixty-third step is to be a learner. This involves being open to new ideas and ways of solving problems.

64. The sixty-fourth step is to be a doer. This involves taking action to solve the problem.

65. The sixty-fifth step is to be a thinker. This involves thinking about the problem and the solution.

66. The sixty-sixth step is to be a planner. This involves deciding on the best way to solve the problem.

67. The sixty-seventh step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

68. The sixty-eighth step is to be a communicator. This involves talking to others about the problem and your plan.

69. The sixty-ninth step is to be a team player. This involves working with others to solve the problem.

70. The seventieth step is to be a leader. This involves taking responsibility for the problem and the solution.

71. The seventy-first step is to be a problem solver. This involves being able to find a solution to any problem.

72. The seventy-second step is to be a learner. This involves being open to new ideas and ways of solving problems.

73. The seventy-third step is to be a doer. This involves taking action to solve the problem.

74. The seventy-fourth step is to be a thinker. This involves thinking about the problem and the solution.

75. The seventy-fifth step is to be a planner. This involves deciding on the best way to solve the problem.

76. The seventy-sixth step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

77. The seventy-seventh step is to be a communicator. This involves talking to others about the problem and your plan.

78. The seventy-eighth step is to be a team player. This involves working with others to solve the problem.

79. The seventy-ninth step is to be a leader. This involves taking responsibility for the problem and the solution.

80. The eightieth step is to be a problem solver. This involves being able to find a solution to any problem.

81. The eighty-first step is to be a learner. This involves being open to new ideas and ways of solving problems.

82. The eighty-second step is to be a doer. This involves taking action to solve the problem.

83. The eighty-third step is to be a thinker. This involves thinking about the problem and the solution.

84. The eighty-fourth step is to be a planner. This involves deciding on the best way to solve the problem.

85. The eighty-fifth step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

86. The eighty-sixth step is to be a communicator. This involves talking to others about the problem and your plan.

87. The eighty-seventh step is to be a team player. This involves working with others to solve the problem.

88. The eighty-eighth step is to be a leader. This involves taking responsibility for the problem and the solution.

89. The eighty-ninth step is to be a problem solver. This involves being able to find a solution to any problem.

90. The ninetieth step is to be a learner. This involves being open to new ideas and ways of solving problems.

91. The ninety-first step is to be a doer. This involves taking action to solve the problem.

92. The ninety-second step is to be a thinker. This involves thinking about the problem and the solution.

93. The ninety-third step is to be a planner. This involves deciding on the best way to solve the problem.

94. The ninety-fourth step is to be an organizer. This involves keeping track of what you are doing and what you need to do.

95. The ninety-fifth step is to be a communicator. This involves talking to others about the problem and your plan.

96. The ninety-sixth step is to be a team player. This involves working with others to solve the problem.

97. The ninety-seventh step is to be a leader. This involves taking responsibility for the problem and the solution.

98. The ninety-eighth step is to be a problem solver. This involves being able to find a solution to any problem.

99. The ninety-ninth step is to be a learner. This involves being open to new ideas and ways of solving problems.

100. The hundredth step is to be a doer. This involves taking action to solve the problem.
